

OpenAIR Mavic 3 Pro User Manual

Welcome to the OpenAIR Mavic 3 Pro drone. This user manual provides essential information on setting up, operating, and maintaining your drone for a seamless flying experience. Please read through the manual before using your drone.

1. Getting Started

Unboxing your OpenAIR Mavic 3 Pro:

- Open the box and ensure all components are included: drone, remote controller, propellers, battery, and charger.
- Charge the battery before the first use using the included charger.
- Install the propellers by aligning the markings on the drone's arms with those on the propellers.

2. Basic Operation

Powering on the Drone:

- Press the power button on the battery for two seconds to turn on the drone.

Connecting the Remote Controller:

- Power on the remote controller by pressing the power button for two seconds.
- Use the OpenAIR Fly app to connect to the drone.

Takeoff:

- Use the takeoff button on the app or remote controller.
- Fly within a clear, open area for safe operation.

Landing:

- Press the landing button on the remote controller to automatically land the drone.

3. Intelligent Flight Modes

The OpenAIR Mavic 3 Pro includes multiple intelligent flight modes to enhance your flying experience:

- Follow Me: Automatically follows your movements.

- Waypoints: Set predefined locations for the drone to fly to.
- Return to Home: Automatically returns to the takeoff location.

4. Safety Guidelines

For safe operation of your OpenAIR Mavic 3 Pro, follow these guidelines:

- Do not fly in adverse weather conditions, including high winds or rain.
- Maintain a clear line of sight with your drone at all times.
- Avoid flying near people, animals, or buildings.
- Always check local regulations and no-fly zones.

5. Maintenance and Care

To extend the life of your drone, perform regular maintenance:

- Clean the drone after each flight, especially the camera lens and propellers.
- Check for firmware updates regularly through the OpenAIR Fly app.
- Store the drone and its components in a cool, dry place.

Conclusion

Thank you for choosing the OpenAIR Mavic 3 Pro. Enjoy your flights, and always prioritize safety!
